

THIRTEENTH YEAR

EARLINGTON, HOPKINS COUNTY, KENTUCKY, THURSDAY, AUG. 21, 1902

NO. 34

LOCOMOTIVE BLASTS

Lew Waltz and Jim Long are running the Elton jerk water this week.

Conductor Moody and wife have been on a visit to relatives near Adams Station for a few days. It is a very good thing to have relatives in the country where one can get a square meal once in a while.

Conductor Ed Wilson, of the Elton route, is laying off a few days.

Supervisor John Davis, of Springfield, was in town Monday. He complimented the Bee by saying it was the newest paper in this end of the state.

C. E. Lane, one of the popular H. D. conductors, paid the Bee office a pleasant call Monday.

Conductor Joe Robertson has fleshered up considerably in the last few months. He is getting to be real good looking.

Engineer Jim Long pulled an excursion from Elton to Nashville Sunday, and we understand a committee of the passengers waited on him at the first stop and asked him to please reduce the speed about fifteen miles per hour, that they were in no hurry and had not been used to riding so fast. One old mose back said: "Look here, young fellow, you ain't running no flying machine and we don't want you to run any faster than Mr. Hampton does."

Col. Willie F. Sheridan has gone up in Ohio to see the folks.

Artie Beat, an old Earlington boy, is firing the switch engine at Guthrie.

Jack Stokes, switch engineer of Guthrie, is at home visiting home folks. Some of the boys at Guthrie say Jack loves watermelons well enough to go after them.

Business on the Henderson division continues good and the boys are kept busy day and night.

Operators Brooks and Prather are working at Guthrie. They make a good pair.

There were several excursions run over the road Sunday, all well loaded.

A coach containing returning soldiers from Mammoth Cave was on 52 Moudy.

Will Rowe is a cracker-jack runner. He made the run from Hoptown to Guthrie on No. 91 in 21 minutes. The distance is 25 miles.

The pay car made its usual trip Monday and the boys had money for a few minutes.

Switchman Geo. Hooser is laying off sick this week.

Miles Cannon, a switchman in the yard, had the misfortune to get his thumb mashed a few days ago. It is not serious and he will soon be able to work again.

Operator Grady spent Sunday with home folk at Mortous.

Dispatcher John Devney went to Evansville Sunday.

Dispatcher Griffin wants to go to Ohio and spend a month with his people. We understand he will leave on the return of Train Master Sheridan.

There is no use talking; those big Rogers engines can pick up a passenger train of eight or nine coaches and make as good time as the passenger engine.

Longstaff is one of the nicest engineers on the road and he knows how to make up lost time as easy as anyone we ever saw. He left Earlington on 53 the other morning, 19 minutes late and went to Trenton on time, making all the stops.

DOWN IN THE MINES.

understand steps will soon be taken at another location to find this same vein.

Of course it is trying upon the consumers in the east to pay over sixty cents per bushel for coal, about the same price they would pay for a bushel of wheat, yet they through their sympathizers, the strikers, receive comfort and the price continues to advance until bituminous coal now sells at about 20 cents per bushel. When consumers become blind to their own interests as well as the best interests of all, they deserve to pay high prices for coal and other comforts of life, depending in a measure upon the coal supply.

Chief Clerk W. G. Wright of the Crabtree Coal Company, has about recovered from his late severe illness and has returned to his books again. He hopes to soon be able to move his family to Islip, which the building of a house now delays.

Foreman Tombs and crew did some good substantial work at the Victoria Mines last week in the erection of hoist timbers over the shaft. Although last week was lost so far as the running of the mine was concerned, this week the production of coal will be rushed.

Described by the leaders of the U. M. W. in this county seem to be in a lamentable condition, indeed. Not a sufficient number can be gathered together, we are informed, to hold a local meeting, and the result is they are blue, indeed, and language not generally used by christians can hardly be heard on all corners.

The following clipping will in part corroborate the statement made by The Bee last week wherein it was stated that a large number of miners from Illinois, Indiana and Kentucky were ordered east. In the clipping they are referred to as hard coal miners, evidently for the purpose of deceiving the public:

That the attempts of the anthracite miners to prolong the strike, begun thirteen weeks ago are of the most determined character, is now being demonstrated by the men in this vicinity. Beginning with last week there has been a great influx of hard coal strikers in this city, until today the number is estimated to be 200. The men are of the English speaking element who worked in various capacities at the mines about Pittston, Shenandoah, Pittsville, Wilkesbarre and Scranton. Nearly all are single. Ready employment is found by the men, and between Philadelphia and Pittsburg, inclusive, thousands of men have secured temporary positions. One of the men here today asserted that if they fail to win their fight they would not return to the anthracite regions, but would continue in their present employment.

The men, however, believe before another month they will be back to the mines with all the concessions granted. In Altoona the strikers have been received with much consideration and many are at work in the Pennsylvania railroad shops, the new classification yards and other industries.

James Longstaff, who recently returned from the far west, has been employed in sinking a new shaft at Nortonville.

A thrifty citizen of Bellville, Ill., who works by the day and is the owner of a nice little home, thought it would improve

the appearance of his property and, incidentally, improve the looks of the town—to have his fence painted. He had the time to do the work himself, bought the paint and forthwith began to paint his fence, when, lo! the walking delegate, the creature selected by citizens of Bellville to manage their affairs, appeared and ordered this American citizen to quit painting his own fence, threatening to boycott him and prevent him from getting work or buying provisions in the city in which he lived and owned a home—and this free (?) American citizen obeyed the command and thereby acknowledged himself unfit to tie the shoes of a WALKING DELEGATE or BELLVILLE. Another citizen was engaged in putting on a new roof of paper or felt. He found a couple of pieces of sheeting needed to be taken off and replaced by others. He started to do this work, when the walking delegate stopped him and commanded that a carpenter be hired to do this ten minutes' job, saying that the citizen could drive nails through the paper or felt, but could not drive nails through plank. Another citizen of Bellville wants to build him a brick house for a home. A friend makes brick outside the limits of the town and employs only non-union labor. He offers the citizen, because of friendship, the brick for his home at a nominal price—far cheaper than he can get them elsewhere—but he cannot accept them, for no non-union brick are allowed in this model city, and no mechanic would be allowed to build a house with non-union material. The only things that seem to be free in Bellville are sunshine, air and water. So far the walking delegate has not been able to corral these essentials, not that he has use for water—he always takes "his'n" in a saloon.

President Tate, of sub-district No. 1, has not yet a CHARTER. Possibly this is the reason why many of his subjects sadly move away from the sub-district and will be compelled to work—actually work—in strange lands. Perhaps they don't want to uphold Tate in his usurpation of unlawful power. How interesting it is to onlookers to see how sleek Barnaby, Wood & Co. unloaded on these miserable, hungry and deceived "strikers" the burden of the defeat of the U. M. W. in Hopkins county. For two years the victims have swallowed entire the stories of these officials, black and white, the story of one day proved to be the next. The promised supplies, always cut in half—or entirely cut off—and when the end came and the great order of U. M. W. refused any more aid, in place of roof they gave OFFICIAL TITLES—called it sub-district No. 1 and made the members president, secretary, treasurer, board members, organizers, etc., and Tate and Ivey and Buckner rushed about busting with importance—and asserting that the strike would be won in a day or two. Buckner, ex-president of local and treasurer of sub-district—did he tell the brothers how he joined the order that he could give it away? Did he tell them how he had written letters, giving the names of the new members, that they might be discharged from the mines? The letters are in evidence when wanted. Let the brothers ask him about it.

Father F. H. O'Reilly of the Church of the Annunciation at Shenandoah, Pa., who has spent many years among the miners and is familiar with their condi-

tions and is interested in their welfare, urged such parishioners as are members of the union, in his last Sunday's sermon, to avoid the humility of utter defeat at some not distant date by going back to their work now. "It is a law of God and man," said Father O'Reilly, "that every human being has a right to earn enough food to feed himself and family. If his children cry for bread he has the right to get that bread honestly, and no man living has a right to tell him he shall not. The man who interferes is a lawbreaker and an enemy to public good. I know there are men in my congregation that want to go to work; they didn't want to quit work, but they would go back tomorrow if they did not fear for their lives. I say this is wrong. You should have the manhood to go back to work and defy this organization known as the United Mine Workers. It is a blood-stained organization, and will be blood-stained until it ceases to exist. It was formed to promote crime and protect criminals. Every one was happy and contented here until Mitchell and Fahy came and organized unions. These men are not workingmen; they are not respectable, and I wouldn't give 2 cents for the opinion of either of them. They draw big salaries and live on the best in the country. Did any one ever hear of President Mitchell or Fahy doing a day's work? No, but they live by preying on the paltry earnings of you, poor deluded men, while your unfortunate families are starving." He urged them not to sign petitions for the withdrawal of the troops as if they are taken away, no one could estimate the lives that would be sacrificed. He further said: "I tell you men that you are paying over money that will come back to you stained with the blood of your fellowmen. You are engaged in a vicious, lawless, undertaking, and the woe of years will come down upon you for the crimes committed in the name and aid of your organization. I tell you there is a wolf among you. You will be betrayed, and your families will suffer for the acts of the men who are bent upon violence to our people." Father O'Reilly, standing in the same pulpit 23 years ago, told the "Mollie Maguire's" in his congregation: "There's a wolf among you; he will betray you, and your families will suffer for the acts of the men who are bent upon violence to our people." Kerrigan, a leader of the "Mollies," betrayed his fellows, and 15 of them were hanged. "I have seen many strikes, my children, and I say to you, even if won, the cost is too great. You men who spend time in loafing around the saloons during a strike, know only half the story, I, who go into the homes of the strikers, see the other side. It's the women and children who go hungry, who live in terror of riot and bloodshed, who suffer most. You should consider them."

Wicked Type Shoved the Comma Forward

A woman's editorial association had a dinner in Topeka, Kan., recently and one of the toasts was: "Woman: Without Her, Man Is a Brute." It must have been a cynical printer who set up the type, for this is the way the toast read in print: "Woman, Without Her, Man Is a Brute." Just how much of a rumpus this raised may possibly be imagined; it certainly cannot be described.

FOREIGNERS' STRIKE.

"Shenandoah is a Veritable Hell Hole," Says Major Hillar, Inspector of Pennsylvania Troops.

Wilkesbarre, Pa.—Major W. S. Hillar, Inspector of the Third Brigade, who returned from Shenandoah last night, gives this explanation of the situation there:

"A more God-forsaken country I have never seen. Eighty-five percent of the population are foreigners and 8,000 to 10,000 are anarchists.

"The Lithuanians fear not man nor God. They have no regard for law nor order, nor anything. They run everything their own way, and the priests say that nobody has control over them. The disturbing elements are at all times ready for trouble, and court it."

"English speaking miners are all right and have done a great deal to help the troops there.

Mitchell nor any other individual can control those foreigners. Nothing short of shot and shell can keep them subdued. They lie in the laurel bushes, which grow in great profusion there, to stone the troops.

"At first the soldiers were instructed to load with blank cartridges, but they have been supplied with cartridge now and are under instructions to shoot to kill. General Gobin is determined that quiet shall prevail and the attacking of our soldiers with stones will not be tolerated for a moment.

"Shenandoah is veritable hell hole. Ninety thousand barrels of beer are sold there annually to the miners. They dump a barrel into a washtub—whether it is clean or not makes not the slightest difference, and then they pour in a couple of quarts of vile whiskey. The mixture is stirred up with a broom handle and is then ready to drink. Old tin cups, broken glasses—anything—are used in conveying the stuff to the drinkers, who consume it until they reach an advanced state of intoxication and are ready for murder and rapine."

Anti-Suffragists In Politics.

One of the most amusing and encouraging manifestations of the progressive enlightenment of women is the so-called "anti-suffrage" movement. A few estimable women are alarmed at the demand that women shall be recognized as responsible citizens, and, in order to prevent it, they form what may properly be called a political organization. They elect officers, employ lecturers, hold meetings, attend public hearings, circulate tracts—resort, in short, to every imaginable political method to persuade men not to allow their sister women or themselves to express their opinions at the polls. But in doing so they abandon their own ground, and enter politics. Surely addressing public meetings and issuing printed manifestos involve more publicity than merely dropping a piece of paper in a box once or twice a year. It would puzzle the "Society Opposed to the Further Extension of Suffrage to Women" to explain why they condemn voting for Governor or President, while some of them vote for an improved school committee, and even serve on school boards or as overseers of the poor.

While working on the Cumberland river bridge, near Grand Rivers, William Mitchell fell into the river a distance of 50 feet, sustaining probably fatal injuries."

TROOPS AT LANSFORD, PA.

A Surprise that Greeted the People of the town When They Got Up Tuesday Morning.

FEARED AN OUTBREAK WOULD OCCUR.

Precautionary Measures Taken Following the Shootings at Nesquehoning. Monday Night—Prevention of Trouble Thought to Be Better Than Repression.

Lansford, Pa., Aug. 20.—With all lights out, the train bearing Gen. Cobb and his staff, and the members of the Twelfth regiment under Maj. Gearhart, from Shenandoah, steamed quietly into this town about an hour before daybreak Tuesday morning. After a conference lasting about ten minutes between Gen. Cobb and Capt. Blair Snyder, of the Leigh Coal & Navigation Co., with regard to a suitable location for a camp, the battalion disembarked, and within a few minutes were marching to the baseball park, situated on the western edge of the town.

The Strikers Worked 1p.

The strikers were worked up to such a high pitch of excitement, Monday night, over the shooting of their leader, that they were afraid that it was feared an outbreak would occur, and it was thought better to have the soldiers meet at hand. During the day it is the intention to transfer the men to Lansford park, and march away to the baseball park, situated on the western edge of the town.

An Early Morning Surprise,

The people of Lansford received a great surprise when they awoke and found a battalion of troops in their midst. The soldiers came in the escort of the sheriff of Carbon county.

Contrary to expectations, no attempt was made by the strikers to march to Nesquehoning, and no demands were made. The men were made to leave here for Nesquehoning.

The killing of Sharp is disclosed on every street corner, and while the strikers denounce it as an unprovoked and cold-blooded murder, the deputies and coal company office declare the shooting was done in self-defense.

RECEIVED AT ROTTERDAM.

Heavy Welcome Extended to Generals Botha, De Wet and De Wet at Rotterdam.

Rotterdam, Aug. 20.—De Wet, De Wet and Botha, the Boer generals, and their party landed Tuesday morning. They were given a heavy welcome by the municipal authorities and representatives of the Boer association, who presented bouquets to the generals. The ships in the harbor displayed flags. The party proceeded to The Hague.

ARRIVAL AT THE HAGUE.

A Public Reception Accorded the Boer Generals at the Hague.

The Hague, Aug. 20.—A public reception was given to the Boer generals on their arrival here from Rotterdam. Gen. Botha, in a speech, in the course of a speech Gen. Botha declared that he and his colleagues had not come here to fight, but to fight, but the cordiality of their reception was some recognition for the great sorrow they had experienced.

To Visit President Kruger.

The Boer generals are expected to visit President Kruger at Utrecht, and will probably remain there until August 21.

The generals have requested the members of the pro-Boer associations to refrain from making anti-British speeches, with the exception of those generals on their arrival here from Rotterdam. Gen. Botha, in a speech,

in the course of a speech Gen. Botha declared that he and his colleagues had not come here to fight, but to fight, but the cordiality of their reception was some recognition for the great sorrow they had experienced.

Editor Bee.

The Smithland Courier says: "A large quantity of fine ore has been discovered about six miles above Iron Hill. A. H. Reed is surveying a new railroad to the new mine, where 50 men are engaged in digging the metal."

Mr. Noah Park, one of the best known citizens of Graves county, is seriously ill. He is the father of Judge D. G. Park, of Mayfield, and the stepfather of the Hon. W. M. Head, of Paducah.

A LETTER FROM
FAR OFF COLORADO.

One of the Bee's Friends Writes of a Delightful Trip.

Noe's Ranch, Greenland, Colo., August 17, 1902.

Editor Bee:

One week ago yesterday our party landed in the beautiful city of Denver, all tired out and dusty from our run from St. Louis.

Saturday was an exceedingly warm day and in a crowded sleeper "miserly did not lack company." However, after we had rested and refreshed ourselves with a delicious supper at "The Brown Palace" hotel, we felt amply repaid for all the discomforts of traveling in summer time.

Don't think please, that it was all unpleasurable, far from it. We had our own happy little party, besides meeting several very pleasant people whose destination was the same

as ours.

There are many interesting things to be seen as you speed across the open prairie; at least, it was so in our case.

We saw large herds of cattle, the most popular breed here being the Galloway, Angus and the Durham shorthorn, and then again we passed village of prairie dogs, and the accommodating little inhabitants were either sitting (full of curiosity) on top of their little houses or walking about, thus affording us a good both sitting and running.

These were a source of untiring amusement to our boys. I am sure everyone is not so fortunate as I, for even a great gray wolf left his hiding place, gave one frightened glance at our train, and then galloped off across the wide prairie.

In Denver we had a most delightful little stay.

It is a beautiful, clean city, and we had a delightful ride in an observation car and saw the most important places of interest; as well as the city of Denver.

Contrary to expectations, no attempt was made by the strikers to march to Nesquehoning, and no demands were made. The men were made to leave here for Nesquehoning.

The killing of Sharp is disclosed on

every street corner, and while the strikers denounce it as an unprovoked and cold-blooded murder, the deputies and coal company office declare the shooting was done in self-defense.

The Bee.

Washington, Aug. 20.—Colonel Smith at Cairo, Egypt, Tuesday evening, landed the state department as follows:

"No cholera, Port Said or Suez; two cases Alexandria; three new cases Cairo; Aswan, 100 cases; Port Said 100 cases; 27 fresh cases yesterday; Minch, 43; Charkib, 100; Abukawekha, Misheh province, 76 cases cholera.

Lee Vaughan and family visited

their brother, Dr. B. E. Vaughan here Sunday.

John Arnold and wife of Madisonville attended camp meeting Sunday.

We have only learned of one serious accident that occurred during the bustle and stir of camp meeting, that was a poor old mule falling and breaking his neck which resulted in death.

The Independent Telephone Co. will put on a regular Sunday operator in the near future.

Mr. G. C. Scudmore is very sick of typhoid fever at his home on Church street.

Latt Springfield went over to Providence Sunday on that excursion.

Miss Verna Lanear of Poole, has been the guest of Miss Nettie Vaughan the past two weeks.

Miss Daisy Shelton left Monday to visit relatives and friends in Evansville and Booval, Ind.

Miss Nannie King, of the firm of King & Major, left Monday for St. Louis to purchase her stock of fall millinery.

ANNUAL.

Good Horse Sense
will tell you that old eggs and glue are not things you want to eat; yet some coffee roasters glaze their coffee with such things. Not so with **Lion Coffee**. It's just pure, unadulterated, undisguised coffee; never covered up with any glazing of any kind. Uniform quality and freshness are insured by the sealed package.

HAPPENINGS IN KENTUCKY.

L. E. Ashby, one of Hanson's leading citizens, died at that place last Saturday morning after a seven weeks' illness of fever.

The agent of the I. C. Railway and American Express Company was held up and robbed of \$28,000 by three men Friday night, at Fordville.

R. W. Cooley, of Henderson, was buried in insensibility by negroes near Nortonville one day last week, and left for dead.

The Nortonville Coal & Mining Company reports that it struck a seven foot six inch vein of No. 11 coal Thursday at a depth of 88 feet, and that the vein is a very fine and promising one.

Critchley, one of the Hanson community, was picked up in the road last week in a critical condition. He was removed to his home and on examination showed that he was paralyzed in the left side of the body.

Bowling Green, Underaker is lame as the result of overwork. He conducted 36 funerals in 31 days and the mental strain was too great for him.

Eugene Corder, the Hanson saloon keeper, is making preparations to retire from that business and states that he will build a nice two story brick business house in Madison and a stock of general merchandise.

Dennis Shanahan, a well known Louisville contractor, shot himself twice in the chest at the Hotel Cecil in Boston Monday afternoon and was thought to be in a dying condition that night. He is believed to have been despondent over business difficulties.

A call has been issued for a meeting at Lexington September 12 of all persons interested in crude oil in Kentucky. The object of the meeting is to form an organization for the purpose of assuring co-operation and concert of action.

The will of W. E. Taylor, who died near Guthrie last week, was offered for probate last Monday before Judge Duffy. Judge W. L. Reeves and Col. Ben T. Perkins, attorneys for some of the heirs, succeeded in getting it postponed until the September term. Mr. Taylor was said to be 80 years of age. He left a large portion of his fortune to one branch of his family. Those left out of his will and a part of those who were made beneficiaries are not satisfied with the will and will probably contest it. He had never married.

Taylor Hopkins, a tramp, who was fined \$5 for sleeping in a box car at Paducah, surprised the officials by producing the money and paying the fine until August 21.

Taylor Hopkins, a tramp, who was fined \$5 for sleeping in a box car at Paducah, surprised the officials by producing the money and paying the fine until August 21.

The Smithland Courier says: "A large quantity of fine ore has been discovered about six miles above Iron Hill. A. H. Reed is surveying a new railroad to the new mine, where 50 men are engaged in digging the metal."

Mr. Noah Park, one of the best known citizens of Graves county, is seriously ill. He is the father of Judge D. G. Park, of Mayfield, and the stepfather of the Hon. W. M. Head, of Paducah.

OTHERWISE UNNOTICED.

R. R. Remington, formerly the fiance of Miss May Van Allen, committed suicide by shooting at Newport, R. I.

Miss Abigail Ballew, of Liberty, Mo., died from burns received Sunday while pouring oil in the cook stove to start a fire.

Miss Denby and her infant child were fatally burned at Tuscola, Ill., by an explosion of kerosene used to start the kitchen fire.

In a clash between deputies and strikers at Nesquehoning, Pa., a striker was shot dead, but fear of a visit from miners prevented any reprisals.

Miss Patterson, on trial at Pine Bluff, Ark., for murder, alleged to have been committed 30 years ago, was acquitted.

The opening of the Elk street fair was delayed until Saturday evening, to give time for the miners to return home.

Attempts to close unauthorized saloons in Bismarck, Mont., met determined resistance, but the work was finally accomplished after several hours of fighting.

Gov. Dockey of Missouri issued a proclamation setting aside the first Monday in September as Labor day and the second Monday as the day of the citizens of Missouri to observe the day.

The Fything supreme lodge defeated the proposal to build a sanatorium at Hot Springs, Ark., holding that it had no right to levy a tax for that purpose.

Franklin University, of Harvard, Germany, has been nominated by the German emperor, among others, for the Prussian order of merit in the class of science.

Recruiting for the navy is going on briskly at St. Louis. There were over two hundred applicants Monday.

The Fything supreme lodge defeated the proposal to build a sanatorium at Hot Springs, Ark., holding that it had no right to levy a tax for that purpose.

John C. Kinnaird, of Madisonville, was seriously injured in a lightning strike. He was struck by lightning while chopping wood during a thunder storm in Louisville.

Emilie Cahan, Cahan secretary of agriculture, presented his resignation Monday. It was not accepted, Senior Terry will have four days in which to reconsider his step.

The old street in Madisonville, Illinois, was the electric display. Scores of houses and barns were struck by lightning and burned.

A large number of persons were shocked and several were killed. A large number of persons were shocked and several were killed.

Lightning struck a bridge in Illinois, killing a man. The bridge was seized by a lightning bolt and fell to the ground.

THURSDAY, AUGUST 21, 1902.

The Philippines are certainly becoming Americanized. The newspapers over there are already being sued for libel.

CAPT. HOBSON is in great demand at Chataqua. It pays to be a hero, and a hero that is as intelligent as he is also is interesting.

The people of Buffalo were getting more than they paid for, so the health officers have ordered the bakers to keep fly screens on their windows.

All eyes and ears are anxiously waiting for the next session of Congress to see and hear what Mr. Littlefield will do and say about the trusts. We trust he will be equal to the task set him.

EMPEROR MENELIK, of Abyssinia, who will be an attraction at the St. Louis World's Fair, has lots of lineage back of him, as he is said to have descended in a direct line from Solomon, King of Judea.

The attempt of Swift & Co. to secure control of the beef business of Boston, with all the control implies, may simply draw from the residents of the center of culture the spiteful ejaculation, "Oh, beans."

TRACY attended church the Sunday before he died and is said to have been greatly impressed with the pastor's sermon from the text: "The wicked flee when no man pursueth." The pastor denies emphatically that he knew Tracy was going to be present.

THE REV. MR. JEFFRIES, father of the ring champion, pausing long enough in the pastime of jubilating over his son's victory to declare that he would have been glad to be present at the fight and pray for those who were there.

EMISON, the electric wizard, has no use for air ships, but he says that within 30 years nearly all railways will discard locomotives and adopt electric motors, and that the electric automobile will displace the horse almost entirely. Probably people will get through scaring at the auto by that time.

BALDWIN, the North pole secker, states that the only trouble on his ship was the failure to reach the pole. He further states that the pole will yet be brought into camp, for he is going after it again. We would like to see him win, but we are afraid he will be bald before he can make it.

BEWARE how you speak of a woman's character. Think how many years she has been building it, of the wounds she has received, of the toils and privations endured. The purity of woman is the salvation of the race, and hope of future greatness, and the redemption of man. Wipe out her purity and man sinks beneath the wave of despair, with not a star to guide his life into a channel of safety. Think, then, before you speak and remember that any hog can root up the fairest flower that ever grew, so the vilest can ruin the purest character.

TRACY was the most popular man in the state of Washington and if he had not taken his life, the people might have sent him to Congress or run him for Governor.

A MISSOURI editor, who no doubt has had some experience, says, in referring to a picnic: "Many of the men went to enjoy themselves; others were accompanied by their wives."

HOPKINSVILLE welcomed President Jere Baxter, of the Tennessee Central, with open arms and agreed to give the right of way, terminal ground, and erected a suitable depot. Hopkinsville has long been noted for her antagonism against the L. & N. and would gladly do anything in her power to lessen the freight and passenger receipts of this road.

WHEN a strike reaches the disorder and assassin stage it is lost. The rioting and murder of defenseless men and women and the brutal treatment of children in the Shenandoah and other districts of Pennsylvania is, to say the least of it, ominous. Many millions of dollars have been wasted in the anthracite miners' strike, and the loss on the part of the employees is final. The hardships and suffering of the women and children and the crimes committed by the ignorant dopes at the command of their leaders could not be paid for in this generation if every demand made on the operators were granted. The participants in strike are becoming more and more averse to moral suasion to gain their ends and more and more in favor of an armed force and violence, as was witnessed in the mining districts of Pennsylvania last week.

THE GIRL WE ADMIRE.

She Has a Sunny Disposition and the Gift of Smiling Away the Troubles of Life.

The most lovable girls in the world are those with a sunny disposition. A few people like the quiet, thoughtful girl; others like the girl who is perpetually vivacious and bubbling over with spirits. But everyone likes the girl with the cheerful, sunny disposition. Girls of this character are never extravagantly boisterous or dimly quiet; they have a pleasant smile for everyone. They never seem troubled or worried, their voice is low and musical, and their smile—be they pretty or not—is always sweet.

The only trouble that the sun-tempered girl has is the outcome of her popularity. Every one wants to talk to her, and with her. Young men are attracted to her without effort on her part, for her character shows itself so plainly in her actions that young men are so delighted at the cheerfulness and sympathy of her nature that they are drawn to her at once.

For every reason, then, the girl with the sunny disposition, who smiles away the troubles of life, is a favorite. And, what is more, old people are just as charmed by her as are those of about her own age. We are glad to know there are a few of this class of girls in Earlinton.

WANTED—Every one who is a friend to the Bee to send in one new subscriber, and one dollar for a year's subscription. Every one in Hopkins county should subscribe for all the papers published in the county. The cost is a mere trifle, and it is as much your duty to support your country paper as it is to support your preacher and your schools. Newspapers are public benefactors and the public should lend their aid and support by subscribing, for and paying for them.

From Bee to Cog.

Do you know the prevalence of worms everywhere in summer, and is due to mismanagement of poisons, and begins abruptly with the inflammation of the mucous lining of the large bowel. In America, the worm is hardly properly treated, does not result as seriously as in the tropics. Perry Davis, Pain-killer is the best known remedy and the most efficacious in the treatment of dysentery.

SAVING THE BUFFALO

HOW THE FEW REMAINING BISON ARE BEING PRESERVED.

"Buffalo Bill" and "Buffalo" Jones Engaged in Raising "Catalo," a Mixture of Bison and Cattle—Characteristics of the New Animal.

Thirty-five years ago William Frederick Cody was engaged in killing all the buffalo, or bison, that came within range of his gun. He, however, in his occupation, entered into the purpose of supplying buffalo meat for the laborers working on the Union Pacific railroad, was so distinguished that he won the sobriquet of "Buffalo Bill," by which title the veteran scout, showman, soldier and ranchman was known.

He had been engaged in killing buffalo, for none is left to be slain. He is, on the contrary, engaged in an earnest effort to preserve the few remaining bison, and to transmit their characteristics of the bison and cattle which is known as the "catalo."

The story of the vast herds of buffalo that once ranged over the western prairies and of their destruction is well known. Of the millions of the animals that once roamed over the great prairies, now survive. It has been found, however, that the characteristics of the bison—the hardness, strength, size and general adaptability to the climate of the prairie, between the prairies can be successfully transmitted to the offspring of the buffalo and the various breeds of domestic cattle. Two men are principally engaged in breeding the "catalo," J. W. "Buffalo" Jones and Colonel Cody.

Largely through the efforts of these two men the recent session of congress passed a law creating a government buffalo ranch in the Yellowstone National park. Mr. Jones has been appointed to manage the ranch by the president, and he is busily engaged in stocking it with the buffalo and its descendants. The idea of forming a herd of "catalo" has long been the dominant idea in the mind of Mr. Jones, and he has for a number of years been engaged in demonstrating its feasibility.

Chills and Fever is a bottle of Grove's Tasted Chills and Quills—simply India and Quills in a tasteless, odorless, non-irritating, non-purifying, non-curing, non-purifying, Price 50¢.

Lots of men suddenly become near-sighted when they start out to look for work.

Success—Worth Knowing.

Take Laxative Bromo-Quinine Tablets. All druggists refund the money if it fails to cure. E. W. Grove's signature is on each box. 25¢.

A homely girl always believes a man who says that pretty girls make poor wives.

The Best Prescription for Malaria.

Chills and Fever is a bottle of Grove's Tasted Chills and Quills in a tasteless, odorless, non-irritating, non-purifying, non-curing, non-purifying, Price 50¢.

Matrimony has spoiled many friendships.

We pay \$25 per week and expenses for men or women with rigs to introduce them to the best and most select Destroyer in the country. Address, EXCELSIOR FOOD CO., Parsons, Kan.

Church Directory.

CHRISTIAN CHURCH—Sunday school at 9:30. Prayer meeting Wednesday evening at 7:30. Regular services second and fourth Sunday morning and evening. Elder J. W. Mitchell, pastor.

M. E. CHURCH—Regular services first Sunday at 11 a. m. and 7:30 p. m. Second Sunday at 7:30 a. m. Prayer meeting Wednesday evening at 7:30. Sunday school at 2:30 p. m. Classes, meetings, second and fourth Sundays at 4 p. m. Dr. E. B. Timmons, pastor.

M. E. CHURCH, SOUTH—R. M. Currie, pastor. Services first Sunday at 11 a. m. and 7:30 p. m. Second Sunday at 7:30 a. m. Prayer meeting, Tuesday evening at 9:30 a. m. PRESCERIAN CHURCH—H. L. Clegg, pastor. Regular services second and fourth Sundays at 11 a. m. and 7:30 p. m. Saturday night before prayer meeting Wednesday night; Sunday school each Sunday morning at 9:30 o'clock. Rev. E. G. TROMPTON, pastor.

ERLINGTON Free Library.

The Free Library and Reading Room is again a favorite retreat of our students and literary people. It is not easy to find a place more clean, cool, or comfortable.

The library contains over 700 volumes of the world's best literature, comprising history, biography, poetry, fiction, science and religion.

Over two dozen periodicals come regularly and are selected to suit all ages and tastes, and which are

Century Magazine, Harper's Monthly and Weekly, Munsey's, Cosmopolitan, McClure's, Everybody's, St. Nicholas, Youth's Companion, Collier's Weekly, Rau's Horn, Science, Public Opinion, Literary Digest, Puck, Judge, etc., and several daily papers.

A "catalo" weighs on an average about 300 pounds more than the native steer. In its "catalo" meat, or which is equal to that of the

steer, it weighs about 100 pounds. Unless the cattle strain predominates the hind quarters of the animal are apt to be lighter than those of cattle. Like its wild ancestors, the "catalo" is not able to support cattle, since the buffalo has the faculty of feeding without destroying the quality of the ground. "Catalo" is healthy animals and avoid poisonous weeds by instinct.

Huckleberry Ridge Items.

The people of this place were blessed with a nice rain Friday evening.

A large crowd attended the meeting here Sunday.

Rice Bowles made a business trip to New Empire Saturday.

John Bennett and family, of this place, spent Saturday with his brother, A. J. Bennett, of Empire. Both families spent Saturday night with Harry Griffin near Crofton.

Mrs. Besse Livingston, of Empire, spent Sunday with her parents, Mr. and Mrs. A. J. Bennett.

Mrs. Abe Long, of Empire, spent Saturday with relatives at Crofton.

Little Miss Bessie Mai Burkholder, of Crofton, visited her aunt, Mrs. Ida Long, at Empire, last week.

Miss Little Kirby is still improving.

Jake Cash is all smiles. It's a girl.

Mrs. Synth Price, of this place, visited her mother, Mrs. Hamby, near Nortonville.

His Third Thread.

"While plowing last month my 11-year-old boy was poisoned by some weed or plant," says W. H. Dibbs, of Glouster, "and I tried to pull the poison off his hands into his eyes and for awhile we were afraid he would lose his sight. Finally a neighbor came and applied Witch Hazel Salve. The first application helped him and he was as well as was as ever. For skin diseases, especially insect bites, insect bites, DeWitt's Witch Hazel Salve is sure cure. Relieves pain at once. Beware of counterfeits. John X. Taylor.

New Jersey is trying to discover what bird is a natural enemy of the mosquito. The bird which could do up a New Jersey mosquito would certainly a ene. John X. Taylor.

Quick Relief for Asthma Sufferers.

Foley's Honey and Tar affords immediate relief to asthma sufferers in the worst stages and if taken in time will effect a cure. John X. Taylor.

Mr. Deverey is making some remarkable bids for the Tammany West Side vote, but didn't he rather overreach himself when he declared in favor of free school?

Consumption Threatened.

"I was troubled with a hacking cough for a year and I thought I had consumption. I went to Dr. Foley, Maple St., Champaign, Ill. 'I tried a great many and I was under the care of physicians. For months I took a bottle of Foley's Honey and Tar. It cured me, and I have not been troubled since." John X. Taylor.

A woman convict escaped from Jefferson City penitentiary, and after a few days returned voluntarily. She had spent her days of freedom in Topeka.

To My Friends.

It is with joy I tell you of what Kodol did for me. I was troubled with my stomach for several months. Upon being advised to use Kodol I took it and immediately told the good it has done me. A neighbor had the dyspepsia so that he would not tell me what to do. I told him to use Kodol. Words of gratitude have come to me from him because I recommended it. —Geo. W. Miller, 111 W. Main St., Hazelton, Pa. I have had a great deal of strength, of mind and body, depend on the stomach, and normal activity of the digestive organs. Kodol, the greatest medicine for the cure of stomach and bowel troubles, indigestion, dyspepsia. Kodol digestes any good food you eat. Take a dose after meals. John X. Taylor.

It has been learned that Tracy, the bandit, was born in Wisconsin. Is Ohio losing her grip?

A YOUNG LADY'S LIFE SAVED

At Panama, Columbia, by Chamberlain's Col. Cholera and Diarrhea Remedy.

Dr. Chas. H. Utter, a prominent physician, of Panama, Columbia, in a recent address to the people of that city, as a patient a year ago 10 years of age, who had a very bad attack of dysentery. Everything I put into his system did not help him to tell the good it has done me. A neighbor had the dyspepsia so that he would not tell me what to do. I told him to use Kodol. Words of gratitude have come to me from him because I recommended it. —Geo. W. Miller, 111 W. Main St., Hazelton, Pa. I have had a great deal of strength, of mind and body, depend on the stomach, and normal activity of the digestive organs. Kodol, the greatest medicine for the cure of stomach and bowel troubles, indigestion, dyspepsia. Kodol digestes any good food you eat. Take a dose after meals. John X. Taylor.

Foley's Kidney Cure will cure all diseases arising from disordered kidneys or bladder. Sold by John X. Taylor.

Will Make Affidavit

New Lease of Life for an Iowa Postmaster.

Postmaster R. H. Randall, Dunlap, Ia., says: I suffered from indigestion and a sore throat for a year. I tried to get rid of it, but I soon knew what I had longed for. I am better today than in years. Kodol gave me a new lease of life. I am now in full health to the truth of this statement." Kodol digests your food. This enables the system to assimilate and assimilate the food more rapidly and thoroughly.

Kodol Makes You Strong.

Prepared only by E. C. DeWitt & Co., Chicago. **Take 1 dr.** bottle contains 2 1/2 times the 500,000.

Union Miners Are Left in the Lurch.

The Madisonville correspondent of the Hopkinsville Independent says: "A great deal of dissatisfaction is now being expressed in this county at present by union coal miners who have

Political Superiors of Women.

The immigration statistics say that during the past year, of the adults who landed in New York, 62 per cent. of the Syrians, 55 per cent. of the Italians, 31 per cent. of the Poles and 21 per cent. of the Greeks could neither read nor write. It is inspiring for American women to contemplate that in five years, or less, the vast majority of these, being males, will be casting their ballots for every official and every public question that go before the electorate, while educated, tax-paying, native-born women are absolutely barred from voice or vote. But then, of course, it insures us a much wiser and better government to have the steerage vote.

Too Reward.

The author of this paper will be pleased to inform the public that she has a dread disease that she has been able to cure in all its stages and that is Catarrh. Hall's Catarrh is a constitutional disease, known to the medical fraternity, requiring a constitutional treatment. It is a Catarrh that attacks internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the system strength by building up the constitution and assisting nature in the cure. It is a disease that requires so much faith in its curative powers, that they offer One Hundred Dollars for any case that it fails to cure. For further information, Address F. J. CHENEY & Co., Toledo, O. Sold by Druggists. Take 1 dr.

Hall's Family Pills are the best.

Oshkosh has always been considered as a pretty smooth town, but just wait till it gets that eastern castor oil factory to running.

Correspondents Wanted.

The Bee wants a live correspondent at each of the following places: St. Charles, Slaughterhouse, Poule, Dawson, Dalton, Nortonville, Barnesville, Croton, Trenton, Pemberly, Central City and McHenry.

We will furnish stamp and envelope.

Send in your letters as they will reach this office not later than Tuesday morning and write them brief, newsy and to the point.

Misouri is putting itself on the back over its bumper peach crop, and announces to Michigan, "you have got to show us."

A Neglect a cold. It is worse than unpleasant. It is dangerous. Don't neglect it. Mrs. C. C. Quinlan, 100 W. Main St., Indianapolis, Indiana, tells us to make sure it would do good if used according to directions. In two days the child had fully recovered and is now (nearly) a summa a vigorous healthy girl. I have recommended this Remedy frequently and have never known it to fail in any case. For a cold, by St. Bernard Drug Store, Earlington; B. F. Robinson, Mortons Gap; Geo. King, St. Charles.

It is announced that the police of Salt Lake have been holding a pretty Denver young woman, which presumably has been a pleasant occupation for the force.

A Care for Children Instinct.

"Last May," says Mrs. Curtis Baker, of Bookwater, Ohio, "a fast child of one neighbor was suffering from a sore throat. The doctor had given up all hopes of recovery. I took a bottle of Chamberlain's Collo. Cholera and Diarrhea Remedy and told him to make sure it would do good if used according to directions. In two days the child had fully recovered and is now (nearly) a summa a vigorous healthy girl. I have recommended this Remedy frequently and have never known it to fail in any case. For a cold, by St. Bernard Drug Store, Earlington; B. F. Robinson, Mortons Gap; Geo. King, St. Charles.

That Chicago woman who wants \$50,000 damages for being kissed must think a lot of her face. There are male persons who would demand 50 cents each kiss for kissing a Chicago woman, and then look upon the wage as too small for the immeasurability of the task. We await a portrait of this lady, with a \$50,000 mouth onto her, with much longing.

Foley's Kidney Cure will cure all diseases arising from disordered kidneys or bladder. Sold by John X. Taylor.

city property for sale or trade
for you. We list it gratis. Fair
deals guaranteed.

Agents Wanted.

Profitable and permanent employment offered by the Metropolitan Life Insurance Company in the Ordinary and Industrial Departments. S. C. RAMSEY, Ass't. Sup't.

The Chicago safety deposit vaults seem to be merely convenient mechanisms for putting money into circulation.

Cashier.

This is not a words word—but when you think how liable you are not to purchase for 75¢ the only remedy you have in all its stages, you will have the same idea of any medicine in the world since 1868 for the cure and treatment of all diseases. It cures Cough and Lung trouble without losing its great popularity all these years, you will be thankful we called your attention to it. It is a safe, reliable Syrup. There are so many ordinary cough remedies made by druggists and others that are cheap and good and others that are dear and good. Take 1 dr. for severe Coughs, Bronchitis, Croup, and especially for Consumption, where it is a safe, reliable Syrup. Sold by all druggists in the United States.

G. O. GREEN, Woodbury, N. J.

Russell Sage was very fortunate in that street-car accident of his. He fell before he had paid his fare.

You Know What You Are Taking

When you take Grove's Tonic

you are sure it is Iron and Quinine

in a tasteless form. No cure, no pain.

When a man proposes he doesn't seem to realize that it may result in his losing control of himself.

Cut this out and take it to St. Bernard Drug Store, Earlington; B. F. Robinson, Mortons Gap, or George King, St. Charles, and get a bottle of Grove's Tonic. The best tonic. The best physical. They also corrects the stomach.

Every merchant and business man in Earlington should have suitable letter heads and envelopes printed. It shows up better and will let people know you are not behind the times. We do that kind of work in this office and would be pleased to have your order. Bring your work to this office and you will never take it elsewhere.

A Physician Reminded.

Dr. Gen. Ewing, a practicing physician of Smith's Grove, Ky., for 30 years, writes his personal experience of the DeWitt's Early Risers. "For years I had been greatly bothered with kidney and bladder trouble and an enlarged prostate gland. I used every kind of medicine in my profession without relief, until I commenced to take Foley's Kidney Cure. After taking three bottles I was enabled to get rid of the trouble. I now prescribe it now daily in my practice and heartily recommend its use to all physicians as a true remedy. I have never seen so many cases with perfect success." Sold by John X. Taylor.

Any man can make his wife do anything she wants to.

It Needs a Ton.

There are times when your liver needs a tonic. Don't give ergotin, that gives you worms. Take Dr. DeWitt's Little Early Risers expel all poison from the system and act as tonic to the liver. W. Scott, 100 W. Main Ave., Middletown, says: "I have carried Dr. DeWitt's Little Early Risers with me for several years and never had trouble with the small and easy to take. Purely vegetable. They never gripe or distress. John X. Taylor.

Will receive prompt attention at this office. Estimates furnished upon application.

IN THE INTEREST

OF THE

...Woman's Christian Temperance Union.

Edited by a White Ribboner.

God give us men! A time like this demands strong minds, great hearts, true faith and ready hands; Men whom the lust of office does not kill; Men whom the spoils of office cannot buy; Men who possess opinions and a soul; Men who have honor and will not lie; Men who can stand before a demagogue and score his treacherous flatteries without winking. Call men, sun-crowned, who live above the fog. In public duty and in private thinking. —J. G. HOLLAND.

A Grand Hero Called Home.

Rev. Samuel F. Pearson, the Prohibition sheriff of Cumberland county, Maine, died at midnight, August 5.

The remains lay in state in the city hall, promptly tendered by the mayor for the purpose, for 24 hours preceding the funeral service at the Gospel Temperance Mission, where he had labored so faithfully for more than a quarter of a century.

At the funeral the front of the platform was covered with floral offerings. The Gospel Mission Church and Sunday school presented a piece representing gates ajar. The mayor and city council gave similar pieces. The Portland Good Templars gave a cross and crown; the Veteran Firemen's Association, a pillow; the W. C. T. U., a wreath of sweet peas, and Company G, Massachusetts Volunteer Militia, a pillow.

A most impressive tribute and full of meaning in floral language, came from Mr. and Mrs. Francis Bent. Mr. Bent is one of the many men whom Mr. Pearson has rescued from a life of drunkenness. The piece consisted of a half reclining bar and crescent in white roses, surmounted by a star of yellow immortelles, typical of his insignia of office and the gold badge in the form of a star, presented by his friends on election day.

The services were very simple, consisting of brief but eloquent addresses by persons who had been closely identified with him in his work. At the close, after a short prayer, two stanzas of Mr. Pearson's favorite hymn, "Jesus, Lover of My Soul," were sung by the congregation standing. For a dozen blocks on both sides of the street, the sidewalk were thronged with people who could not gain an entrance to the hall.

Expressions of sorrow were heard on every side. Those who opposed him politically were scarcely less fervent in their tributes to his memory than were his friends.

The poor of the city of Portland are deeply grieved over the loss of their friend and helper. They know not where to turn to find one who will take his place to them.

The newspapers all over the state commented with feeling on his life and work. The Portland Evening Express gave six columns, written by a prominent newspaper man, who years ago was almost a stranded wreck through intemperance, but who was helped to his feet and made the successful man that he is, through Mr. Pearson's efforts. We quote one paragraph from this writer:

"Great citizen, faithful minister of God who walked by the Sea of Galilee, sheriff on whose lips the official oath did not die in the air, but was graven on the heart and soul and life and conscience; friend of the poor; long tried, tempted, true man; servant and soldier and knight of God, hail and farewell!"

John G. Woolley says: "This,

at least, Sheriff Pearson has done: He has branded the illegal old lie, 'Prohibition doesn't prohibit,' so deep that forevermore it will be known and read of, all men to be a lie."

"He has redeemed a fallen profession. He has proved that a sheriff can be a man. He has shown that a man can be in politics and be a Christian."

Oliver W. Stewart says: "Samuel F. Pearson with high convictions of duty. He believed his office was sacred. His highest ambition was to keep his honor unsullied. Then action owes him a debt of gratitude for the lesson he has taught us."

Volney B. Cushing says: "For 18 months he has done more for the principle of Prohibition than any other man in the United States."

"Tobacco-smoking often causes an intermittent pulse. The irregularity of the heart's action, which tobacco causes, is one of its most conspicuous effects. Candidates are annually rejected for cardiac disturbances, who have afterwards admitted the use of tobacco, while the annual physical examination of cadets reveals a large number of irritable hearts (tobacco hearts) among boys, who had no such trouble when they entered school."

"I had diabetes in its worst form," writes Marion Lee of Dunbar, Ind. "I tried eight physicians without relief. Only three bottles of Foleys' Kidney Cure made a man." Sold by John X. Taylor.

Comment on the Ball Game.

The match game of ball played Tuesday between the St. Bernard Mining Company and the City of Earlinton resulted in a slight victory for the St. Bernard, the score standing 17 to 16 in favor of the St. Bernard. It was an interesting and amusing game and both sides did some good work. Ernest Rash, Elmer Orr and Jim Sparrow were hit in various places but not seriously injured. Charley McGary can pick up a ball better with his feet than his hands. Bassett made a flyer in left field.

Doc Renfrow seemed to be laboring under the erroneous impression that the pitcher was trying to hit him from the way he dodged.

Unipire Rogers did moderately well considering what he knew about the game, but made one or two rank decisions on both sides.

If Frank Arnold or Paul Price had hit the ball a fair lick some one would have had to pay for a broken window.

Every time Charley McGary struck at the ball he grunted like it hurt him.

There were several ladies present and they applauded both sides with equal impartiality—in fact they couldn't tell who was who.

John Herb was score keeper and made a good one.

G. C. Atkinson was coaching for both sides. He couldn't tell exactly which was his side, and to make sure of it he rooted for them all.

Hale was the only man to make four scores; several of the boys made three, and some of us did remarkably well to make one. It was a good game but not satisfactory, and we will have to try it over again next week.

Sound kidneys are safeguards of life. Make the kidneys healthy. Best Remedy—Kidney Cure. For sale by John X. Taylor.
